BAYER'S BROADCAST

A Call to Service as Spring Approaches

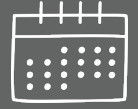

Burr or Brrrr it's been cold outside the last several weeks! I hope you all have stayed warm and enjoyed the multiple snow events we have had this last month. I know our dog has enjoyed "nose snow plowing" along the sidewalk and yard.

I want to emphasize that NO ONE should be attempting to walk on any part of Woodglen Lake or the streams / creeks within Middleridge. While it has been bitterly cold this past month, we never have enough freezing weather to ensure the safety of any weight attempting to walk on these bodies of water. There was at least one emergency call this past month

and we added a note to our media sites (middleridgeffx.org) and the MCA Facebook site ([facebook.com/middleridgecivicassociation](https://www.facebook.com/middleridgecivicassociation)), but PLEASE PLEASE let your children know this is never a safe option.

This month **my newsletter article is really a CALL TO SERVICE to our community**. We are looking for MCA members to consider joining our Board in May. We will need a new President, Vice President, and Treasurer. Please contact me or the Board (Board@middleridgeffx.org) if you want to know more about these positions in order to decide about running. We need your help

as members and volunteers of Middleridge. New ideas from new members are always appreciated!

The cold this last month has affected each of our homes in different ways. If you need assistance, please let your neighbors OR let The Middleridge Caring Community (MCC@middleridgeffx.org) know. MCC is available to help put you in touch with others in our community who are standing by to help.

The 2022 Middleridge Civic Association (**MCA**) **Membership Directory** should be in our members hands. If you did not complete your MCA Membership application last Fall, you still can! Please go to the MCA website

IF YOU NEED ASSISTANCE, LET THE MIDDLEBRIDGE CARING COMMUNITY KNOW.

and download an application. Instructions on how to turn in are located at the bottom of the form. The \$30 for a year's MCA membership is nothing compared to the \$620 to \$1200 annual homeowner association fees others around us pay. For \$30 MCA provides so many ways for your family to participate and enjoy our wonderful community.

As February begins so too do the MCA Events! The **Valentines for Veterans** deliveries by local Boy Scouts and Girl Scouts

are scheduled for no later than February 12th. In March, we will have our **Spring clean-up for Woodglen Lake, and Middleridge Park**. In addition, we are going to ask for volunteers to help with cleaning along the creek by our common area and along the Sound Barrier next to Ox Road. We have attempted to get Fairfax County to help with these areas, but budgets and manpower availability will not support the actions we need. PLEASE send me an email if you could help us – it will be one weekend in March and I will send further emails via our mail list. Our effort here is to conduct some basic vegetation maintenance of these areas which helps improve the appearance of our community which directly impacts the values of our homes. More on this during the March Newsletter.

In addition, in March we will have our **50th Anniversary Time Capsule placement**. Please see the ad in this Newsletter and help with items and stories for future generations to uncover. Also included in this month's Newsletter is the **MCA Scholarship application** for graduating high school seniors of MCA Members. Please return these to president@middleridgeffx.org by April 1st.

April will see the **2nd Annual "Pet Parade."** Last year's was such a huge success we will have another this year – renaming from "Pooch Parade" to "Pet Parade." Also in April, Sarah Koch will again lead out **Easter Egg Hunt** and we will

have our **Spring Yard Sale**. I'll send more on these events next month, but we are looking for students who need service hours to help with these events AND those in March. These are wonderful opportunities to meet others in our community AND provide some fabulous smiles to both the Middleridge families AND those volunteering!

Finally in the area of annual MCA events, we are still looking for volunteers to help us restart (on a different scale) the **August 2022 National Night Out event**. We are looking to make the event more manageable, but retain the opportunity for our community to get together and celebrate as well as focus on our crime prevention efforts. PLEASE let me or the Board (Board@middleridgeffx.org) know if you would like to help with this event – many hands make light work, and we need some new members with ideas to help us restart this event after two years of Covid impacts.

Take care of your families and each other as we likely will still have some cold weeks ahead in February. PLEASE let your neighbors know if you need any assistance or will be out of town so we can watch out for each other. I have been thrilled and honored to be your Community President and look forward to warmer days this Spring when we can talk as we walk about this great place we call home!

Don't Get Snowed!

You can sell your house in February!

Some people believe you can't sell a house in February. Don't believe it! But it does take the right team and marketing plan to get it right. We make sure your home is staged correctly, so it is warm and inviting. If your home is vacant, we check it at least twice a week, and will ensure your driveway and walkway are free of snow so buyers can get to your front door. And if there is snow on the ground when we photograph your house, we will retake the photos after the snow has melted, if necessary. We'll even serve warm cider and cookies at your open house! This way you stay warm cozy while we work to get top dollar during the winter market.

LAST CHANCE TO CONTRIBUTE TO THE MCA50 TIME CAPSULE

Have you been cleaning and organizing your house? Do you have a stack of magazines from 2020 and 2021? If so – we want them for the Time Capsule!

We are collecting iconic items from 2020 and 2021 to include the Time Capsule. In case you are wondering, yes – we have a cicada! But we'd love you to suggest and provide other items.

And – remember that you still have time to contribute a one-page (8 ½ x 11) document with text and photos for the time capsule. Be sure to include name(s), address, birth dates/years of age, and photo descriptions.

Ideas for your page:

- Favorite Middleridge memory
- Photos of your family over time (be sure to include one that shows your house!)
- The story of purchasing your home
- Changes you've made to your house through a photo collage
- A family photo in front of your house, with some family facts
- A poem or drawing. Be sure to label with author/artist info!

Email your time capsule ideas or family page submissions to gmbulova@aol.com.

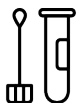

ICONIC 2020 / 2021 ITEMS YOU CAN CONTRIBUTE:

A face mask or DIY mask making instructions

Hand sanitizer bottle

A Covid test kit box

A phone charger cord

A print out of most watched streaming services or most used phone apps

A list of all of the events canceled during the 2 years with notations about how you reacted or compensated

MIDDLERIDGE MAKEOVERS

THE PROCESS OF REPLACING MY DRIVEWAY

by **Vernon Campbell**

As the Vice President of the MCA for the last couple years, and a member of the Board in various capacities over the last dozen or so years, it has come to my attention that one of the things most homeowners are interested in is experience with various types of contractors.

THE ISSUE

My wife and I have completed many renovation projects on our home including the replacement of the driveway I share on our 2 home cul de sac with our neighbors. Our family moved into our home in 2005, and since then the driveway had sunken in spots, been upturned in spots due to tree root growth, and suffered at least one small sinkhole that could never seem to be repaired. I was determined to finally get the driveway I wanted.

Our driveway is over 40 yards long from the top of the street to my garage door, two thirds of the way down it splits off to my neighbor's home. The total square footage is impressive, to say the least. Prices for this replacement ranged from almost \$20,000 to just around \$15,000. And to be honest, you do get what you pay for.

GETTING BIDS

My first task was to identify a minimum of three local paving companies to supply bids. Based on some Internet searching and some personal sleuthing, I identified these three paving companies to address our issues with and receive bids. The most expensive was H&H Paving in Manassas. I have known of their work for many years, and the quality of their work indeed does justify their prices. The second company I identified was Standard Paving in Manassas, VA. The third company I selected was Metropolitan out of Leesburg.

PROPOSALS

My neighbor and I both met with all three of these

companies in person at our location. All of them showed up (half the battle in Covid times) and were very responsive in addressing our concerns.

THE DISCUSSION

After receiving all three proposals, we discussed our thoughts on the selection. While H&H was very responsive, has a definite footprint in the area, and was the only proposal that identified a drainage solution for me, the cost was just too much to justify. The third company, Metropolitan, was managed by a much younger person, who was managing the driveway business for his father, who managed the parking and commercial side of the business. While his price was the lowest, we decided that we would rather deal with a more mature organization. So our

REPLACING A DRIVEWAY, AS OPPOSED TO REFINISHING ONE, MEANS THAT THE DRIVEWAY AND ITS FOUNDATION [IS] DUG UP TO THE DIRT BASE

selection was Standard, whose representative was a third-generation family member, grandson of the founder, and had been in the business all his life. Their price fell in the middle, and had a two-year guarantee, as opposed to the others one-year warranties.

THE WORK

After we signed the contract, we had to wait over two months for them to begin replacement due to scheduling, and my desire to not have my driveway ripped up over a weekend. We ended up allowing them to remove the driveway on a Saturday and pave it on Monday.

Replacing a driveway, as opposed to refinishing one, means that the driveway and its foundation was dug up to the dirt base, up to four inches of bluestone and gravel was then installed over the rolled base, rolled and filled as a base for the asphalt. Minor issues occurred, such as them finding things (old cable—from where, was it still

connected—what would we lose if it was pulled out) to ensuring that the edges were where we had specified, they be (both of us widened particular areas that were not in the original footprint).

The only real issue we had was with the foreman, who reported back to the company some outright lies that were relayed to us by their management/owners and proven incorrect. This did not delay our final product, but certainly ended up that we do not feel comfortable providing a whole hearted recommendation.

A part of my thought process was to be able to provide our MCA members a recommendation on driveway replacement as we approach the Spring. Overall, I would say then to investigate each paving company and make your own decision based on your criteria.

It's That Time of the Year-Tips on Tax Filing

- Print out a tax checklist to help you gather all the tax documents you'll need.
<https://www.irs.gov/individuals/checklist-for-free-tax-return-preparation>
- Keep all the information that comes in the mail in January, such as W-2s, 1099s and mortgage interest statements. Be careful not to throw out any tax-related documents, even if they don't look very important.
- Collect receipts and information that you have piled up during the year.
- Group similar documents together, putting them in different file folders.
- Make sure you know the price you paid for any stocks or funds you have sold. If you don't, call your broker before you start to prepare your tax return.
- Know the details on income from rental properties. Don't assume that your tax-free municipal bonds are completely free of taxes. Having this type of information at your fingertips will save you another trip through your files.
- Unemployment compensation can be taxable. For more details check:
<https://www.irs.gov/taxtopics/tc418>
- Wait to have all 2021 tax information before filing.

WEATHERING THE SNOW

by **Elizabeth Hawks**

According to NOAA, we've had over 11 inches of snow in January. Chances are we'll have more in February. It's important to take care of your home and neighborhood when it snows. Remember to:

- Check on elderly or disabled neighbors and relatives.
- Remove snow and ice properly to prevent slips and falls around your home or business.
- Clear your neighborhood fire hydrants.
- Avoid overexertion, such as shoveling heavy snow, pushing a vehicle, or walking in deep snow. Ask for help if you need it.

CHECK THE MCA DIRECTORY FOR A LIST OF TEENS WILLING TO SHOVEL SNOW.

Bonus: Members of the MCA can check the neighborhood directory for teens who will shovel your snow for you.

- Inspect your home for damage and take pictures.

Remember to be careful walking around icy or damaged areas, and let's hope that groundhog doesn't see his shadow!

One more snow tip from Jody Benz and the children on the front page: don't forget to have a little fun in the snow, too!

When the streets are full of snow, many people wonder who is responsible for the clean up.

Middleridge relies on VDOT for residential street snow removal. Watch the [online snowplow tracking map](#) and listen to news reports to see when VDOT shifts from highways and main travel lanes to neighborhoods.

REAL-TIME PROGRESS: ONLINE VDOT SNOWPLOW TRACKER

Across the state, if snow reaches two inches or more, VDOT activates an [online snowplow tracking map](#). Automatic Vehicle Location (AVL) technology is operational statewide. All VDOT-owned and contracted plows will be equipped with AVL, allowing them to be monitored on the snowplow tracker.
